- Name or logo listed on event signage and website
- 4 tickets to attend the Congressional Pride Reception
- Verbal recognition during the reception

"Were it not for the Victory Institute's Congressional Internship program, I would not have been able to financially afford interning on Capitol Hill and living in Washington, D.C. As a first-generation college student, gaining work experience in our nation's capital while also benefitting from Victory Institute's leadership programming was an invaluable opportunity. Simply put, I would not be where I am in my career today without the support of Victory Institute and this incredible program."

- Mitchell Rivard, Chief of Staff, Congressman Dan Kildee (MI-05)
